and 130XE ONLY**

Welcome to the world of the virtuoso...

From Joseph Lyons, Frank Schwartz, and the entire team who put together the VIRTUOSO® Software System.™

Congratulations! You are now among the creative virtuosos...one of the first computer users in the world to have this breakthrough system.

For the first time, you can turn your Atari computer system into an instant graphics animation and broadcasting studio.

Get ready to do what no computer user has done before. Input your imagination and:

1. **Independently animate multiple objects—in real time!**
2. **Create a storyboard of practically unlimited length!**
3. **Add music and text, then synchronize them with your graphics!**
4. **Modem your entire show to other VIRTUOSO Software owners with Atari computers and modems, using any available telecommunications software. When you receive the forthcoming Update you and the other VIRTUOSO Software owners will be able to interact in real time.**

#### **Enjoy Incredible Graphics Capabilities**

You can path, rotate, and scale up to 11 objects independently—up to 3 sprites and up to 8 VIRTUOSO Software geometric objects, which are elaborate configurations of basic geometric shapes like lines, boxes, and triangles. Those objects may be your original drawings or adaptations from the VIRTUOSO Software show libraries. In color, of course.

#### **Add Words And Music**

You can add original music, your favorite songs, or adapt a melody from the music

library. You can use scrolling or stationary text in any of 11 regions in a variety of formats.

#### **Phone Your Show**

With your telecommunications update you can modem your entire show—animated graphics storyboard with text and music—across the country or across town to one or to a thousand other VIRTUOSO Software owners. You can even put them on your local bulletin board or Atari SIGS.

#### **Download Other Shows**

Shows produced with VIRTUOSO Software are now available from leading creative artists on the CompuServe VIRTUOSO SIG and a number of Atari SIGS. Until your Update arrives, use your own communications software to upload and download your VIRTUOSO Software files.

### **Free Bonus From CompuServe**
